

2023 has been a great year for the CERA Global Association.

We attended the International Congress of Actuaries in May and the SOA ImpACT meeting in October plus held our own virtual event - CERAVISION.

We also celebrate reaching 7,000 CERAs globally, a fantastic achievement and sees the CGA well on its way to meeting its target of 10% of all actuaries holding the CERA designation.

CERA reaches 7,000

The CERA Global Association (CGA) is pleased to announce that Kyle O'Donnell has become the 7,000th person to earn the prestigious CERA (Chartered Enterprise Risk Actuary/Certified Enterprise Risk Analyst) credential.

Kyle is a member of the Society of Actuaries in the USA and Associate Director with Humana, focusing on membership analytics in our Consumer Growth division.

Congratulations Kyle!

We want to hear from you

The CERA credential is almost 15 years old and risk management has never been important. The CGA's Strategy and Outreach committee wants to hear from CERA holders as it begins work to position the credential to ensure its continued relevance in the years to come.

We'd be grateful if you could complete this short survey:

<https://forms.office.com/e/5w3KdpJ1tU>

Your views, opinions and experience will help us in our work and ensure that we're offering you and future generations of CERA holders, the most worthwhile enterprise risk management credential available to actuaries.

Last minute CPD on actuvview

REMINDER

Our CPD year ends
on 31st December

Collect additional
CPD hours now on

The 2023 calendar year is coming to a close, and with it, the Continuing Professional Development (CPD) years of many of our member associations. We would like to remind you to collect the necessary CPD to meet your associations' requirements.

An effective and convenient way to do that without additional costs or travel time is by using our partner actuarial video platform actuview. The CERA Global Association is a premium community partner of actuview, providing access to the full archive of actuarial video content for all CERA holders*. This includes recordings from national and international events, featuring associations from more than 50 different countries and partners from the insurance and finance industries. Dive into insightful interviews, engaging panel discussions and in-depth webinars covering all actuarial fields.

If you are already registered on actuview, you can simply start watching whenever and wherever you want. The platform's automatic tracking feature will monitor your watch status for each video. Once you have watched at least 90% of a video, it will be listed in your CPD record. You can download this record from your user profile and submit it for CPD.

*CERA holders whose associations are not partnered with actuview can get an access code from the CGA. For those who are not yet registered, please reach out to us to get your individual one-time registration code for setting up a free account on actuview.

CERAVISION on demand

Talking of CPD, the recordings from CERAVISION are now available to watch on-demand on actuview.

If you missed a session or want to watch one again, head on over to our page and pick up some more CPD whilst you're at it.

Convention A 2024 - save the date

The CGA is delighted to once again be taking part in Convention A on 19 March 2024.

Our session will focus on the transfer of knowledge between the generations with a:

- CRO fireside chat and Q&A session; and
- Sessions on AI, cyber risk and other contemporary RM and ERM topics.

Stay tuned for further updates.

CERA Global Association
